E³

Children's Museum & Science Center

explore • experience • enjoy

Explore and play with hands-on, science-related exhibits for kids of all ages, with sound, light, magnetism, shadows, art and a dinosaur. Kids under six romp in **Tot's Turf** for interactive play with our Playhouse, Costume Corner, Puppet Theater and more.

There's always something new with exhibits and activities changing often!

Traveling exhibits and performers delight the whole family—from bats and bugs to juggling and history. **After school activities** include movies, programs and lectures. Bring your tots for a **Playdate** to play with other little ones. **Family Fun Days** offer craft and science projects—from bird houses to face painting. Invite 20 of your child's friends for a two-hour block of **Birthday Fun** (call for details).

E³ Children's Museum & Science Center

And Colores Museum Store—educational toys, books, puzzles and games for all ages.

Tuesday—Saturday, Noon - 5 pm

302 N. Orchard, Farmington, NM 87401
