WESTERN VALUES HAS
NEVER BEEN GREATER

“ Here is your country. Cherish these natural wonders, cherish the natural resources, cherish the history and romance as a sacred heritage, for your children and your children’s children. Do not let selfish men or greedy interests skin your country of its beauty, its riches or its romance.”

— Theodore Roosevelt

LOCAL AND
TRIBAL OFFICIALS

Western Leaders Network

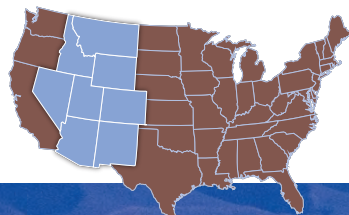

is a nonprofit, nonpartisan organization founded in 2017 to connect, support and cultivate local and tribal elected leaders in the Interior West – Arizona, Colorado, Idaho, Montana, New Mexico, Nevada, Utah and Wyoming.

Western Leaders Network has four primary goals:

- Facilitate a network for local western officials to connect with one another, exchange ideas and be informed about emerging western economic and conservation issues and effective public policy initiatives.
- Make an impact at the local, state and national level on issues that affect air, water, public health and public lands.
- Promote initiatives that can help natural resource extraction-based communities diversify and strengthen their economies.
- Inspire a new generation of leaders for the West.

Areas of Focus

- Climate change
- Community resilience
- Water and Public Health
- Public lands
- Energy

A NEW GENERATION
OF LEADERS IS WHAT
WE'RE ALL ABOUT.

The Interior West is once again

in the crosshairs as an incoming Congress and new Presidential Administration propose unfettered coal and oil and gas development and unprecedented conservation and clean energy rollbacks.

The next four years will influence the future of the West.

Already, Western Leaders has made a difference by helping win the U.S. Senate vote in May 2017 preserving the BLM Methane Venting and Flaring Rule. We are also actively working to preserve several national monuments, including Bears Ears.
